

## RLA meeting Minutes 5/7/23

Attending: Doug, Marc, David F, Alan, David S, Chris, Jeff, Marty, Mike

### Agenda:

- 1) Sand was delivered for both beaches. The intent is to have it spread before the AGM on 5/20
- 2) Membership is currently at 46. Letters will be sent as a reminder for people to send in their membership dues.
- 3) AGM: Doug will give a “state of the lake” address. Marc will have membership info. David F will present the proposed budget.
- 4) Phoslock: The board voted unanimously to approve the use of Phoslock. Consistent with a recommendation from Pond and Lake, we will begin with an application covering 50% of the lake in 2024, followed by a further application of 25% per year in the following two years.
- 5) Dredging: (Lakeside cove) Alan reports some progress in obtaining a permit from Inlands/Wetlands. The location of the dredging bag is still an obstacle.
- 6) The Board felt that having the LIF (and other funds) in a low interest bearing account was not as prudent as placing those funds in a higher interest account. David F will research the best options.
- 7) Community Events: The board voted to sponsor “community events” such as Friday night get togethers at the beach. The board will reach out to an “organizer” who will advertise these functions. The Board also voted to “seed” these events with a small amount of money. (\$50 per event)
